Training programmes

An advanced SAMREC/SAMVAL workshop is planned and timelines will be confirmed in due course.

The SSC Sub-committee for ESG Integration in the SAMCODES will present updates during a slot for the SAIMM “ESG in the Minerals Industry” conference to be held in October 2024.

Committee updates

	Continuation of incorporation of ESG factors into SAMCODES and recommendations for additions into SAMREC Table 1 and SAMVAL
	Liaison with IMVAL for planning of conferences and alignment
	SAMOG Code updates continued and will be finalised this year
	Updates to SAMESG Guidelines 2.0 and ESG definitions guide is ongoing and feedback is expected by August
	Progress is being made on the update of the Industrial Minerals Guidelines and a working document will be released for comment

SAMCODES ESG Working Group Activities

The ESG Working Group is finalising work on incorporating ESG recommendations into the SAMCODES. A feedback session on ESG matters will be hosted later this year after consultations.

International Liaison

The Chinese have submitted their Code for approval at CRIRSCO. The SSC is watching this exciting development closely.

The MRMR conference is planned for October 2024 in Vancouver and all are encouraged to participate.

JSE Reader’s Panel

The JSE has proposed amendments for simplification to the Section 12 Listing Requirements that may affect the JSE Reader’s Panel. The pertinent changes under consideration relate to Category 1 CPRs

and the role of the Reader's Panel. Stakeholders have submitted the initial comments and the JSE is currently reviewing these. This process is expected to extend into the new year following the consultations.
