

JSE TRAINING: SAMVAL Code Compliance in JSE Public Reporting

Book now

Valuation of Mining Projects and Operations: A Workshop designed for non-technical professionals within the mining industry.

Why should you attend? As a professional in the mining industry, take this opportunity to get up to speed on the 2016 SAMVAL Code and how it can be used to guide valuation in your company and/or projects.

Course outline: Presented by SAMCODES Standards Committee (SSC) members and other key industry players, this one-day workshop will take you from the SAMREC and SAMVAL Codes through to Valuation Approaches and Comparable Transactions. A number of critical case studies will be used to illustrate the more technical details of commodity-specific valuations and approaches.

Who should attend?

- Technical and non-technical professionals associated with the mining industry.
- Company Directors and Chief Financial Officers
- Anyone involved in preparing or supervising the preparation of a financial valuation as part of a Competent Person's Report for a transaction or listing

What you will learn:

- The SAMREC Code
- The SAMVAL Code
- The Diamond Guidelines
- Valuation of Coal Properties
- The Cost Approach to Valuation
- The Market Approach to Valuation
- Comparable Transactions
- When is a Comparable Transaction Comparable?
- The Discounted Cash Flow Approach to Valuation
